On the Sunny Side

Jan/Feb, 2013 newsflash

If you ever wonder if a donation to the Genesis Employee Foundation, even a small one, makes a difference...

Please let us share Angie's story with you.

**GIVING**

## Angie

*Licensed Nursing Assistant  
PA Center*

Angie is a 37-year old CNA employed since 2001 at a Genesis PA nursing center.

Her life was moving along until about two years ago, when she was in a head-on car accident that left her suffering from seizures. After recovering, she was diagnosed with cancer and underwent treatment...but then she developed a second type of cancer.

There have been other traumas and difficulties. Angie is currently on FMLA. Somehow, she manages to keep a positive attitude.

Angie has five children at home, plus two stepchildren, ages 6 to 20. "I was embarrassed when I first got sick, because I was so young," she recounts. "The first time I got cancer, I went three months without telling anyone I was sick. I didn't want anyone to have to carry an extra load to help me out."

## HELPING

### **When Angie got sick again...**

It was harder to go it alone. While she was out, a co-worker drafted a GEF grant application for her. Even though Angie contributes to the GEF, her administrator still asked her permission to send in the request.

**“I didn’t want to take anything at first because there are other people who need help,” she says. “I was professional at work, but at home I was bawling my eyes out.”**

She wrote her center a letter of thanks and urged her co-workers to support the GEF.

# CARING

**“I sat for a long time and cried while I wrote it, but I wanted to get my story out. I wanted everyone to realize that it could be you tomorrow, or your close friend or daughter or spouse. You just don’t know.”**

**“I’m just so grateful to work for a company that cares and supports the Foundation.”**

**“Because of the Genesis Foundation, I was able to get help when times were tough...so I would like to say thank you to all of you because I know we work hard for our money and it takes all of us as a team to make the GEF work and help others the way you helped me and my family.”**

“I guess what I am trying to say is **don't think that the contribution you make is going nowhere or not helping. I am here to tell you that it is...**

**To those who do not yet contribute, you would not believe what we can do as a team to help others when they are in need.”**

**Congratulations to Our  
Newest Super Giver  
Centers! 90% or more  
of their employees  
contribute to GEF!**

Abington Center  
Crestview Center  
Fairview Care Center-  
Bethlehem Pike  
Gettysburg Center  
Lehigh Commons  
Orwigsburg Center  
Quakertown Center  
Riverstreet Manor  
Schuylkill Center  
Sistersville Center
